Brand New Book ***** Print on Demand *****.Excerpt from The Rational Production and Treatment of Milk: With Quotations From Authorities and a List of Publications Almulac - alium lac, Nahr-milch or alimential milk - is the result of the practical application of the highest teachings of science on hygienic milk-alimentation. It is pure, natural, well-balanced milk from properly fed cows, filtered, sterilized, and hermetically sealed in bottles, ready for use. It is Filtered to remove all foreign matter, especially every particle of droppings unavoidably falling into the milk-pail. It is Sterilized according to Prof. Soxhlet's system, and thereby every germ of disease and fermentation destroyed. It is Hermetically Sealed to the exclusion of all possible pollution or deterioration from any source. The importance of Sterilized Milk as the only effective check and preventive of cholera infantum, summer complaint, indigestion, and like causes of infant mortality, and diet for invalids and persons in delicate health is at present too well-established and generally known to require explanation. For the use of those inclined to study the subject the principal and leading authorities are collected on the following pages. Almulac is prepared in strict compliance with the scientific laws laid down by the authorities. To all the assurance is given that Almulac is absolutely pure milk prepared with the utmost care and perfection of system, and may be safely tested, tried, and left to be judged by the results. Not only is the best and purest milk taken for Almulac, but it is selected with regard to its nutritive value, meaning the correct natural proportion of its component parts, upon which depends its nutritious quality and easy digestibility.
