Brand New Book ***** Print on Demand *****.Excerpt from Verney Papers: Notes of Proceedings in the Long Parliament, Temp; Charles I The wonderful events which took place in England in 1640 and the two succeeding years, were brought about by the instrumentality of men whose motives and characters are most inadequately understood. By what reasoning they justified, or by what necessity excused, the overturning of the ancient government of their country, we can but very imperfectly tell. A cloud of error and misstatement was thrown over their actions by the triumphant writers of the restored dynasty, who used their pens in the same spirit as they had wielded their swords, and took revenge upon their ancient rivals by representations of their conduct, which, if they could be believed, would make it a subject of amazement, how men so foolish and so wicked could ever have been even partially successful. But history has its periods of restitution. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
