Cornell Maritime Press Inc., U.S., United States, 2010. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book. A remarkably diverse population of bird life, migratory and indigenous, lives in the region known as the Chesapeake Bay country. It is one of the finest locations on the eastern seaboard for observing wild birds. Among the cattail and wild rice, the cordgrass and loblolly, from the countryside north of Baltimore to the windswept beaches of the Atlantic, are the imperilled canvasback, the boat-tailed grackle, the secretive king rail, the fragile egret, and the evasive snowy owl. Illustrated with photographs and line drawings, this book is indispensable to bird watchers and conservationists in the Chesapeake Bay region.
