Brand New Book ***** Print on Demand *****.Learn about the 47 prefectures of Japan while mastering 500 important beginner level Japanese words. MP3s totaling over one hour of audio lessons are also included for FREE. Penguin s dream of completing Ninja Academy has finally come true. Almost. One test remains: he must journey to the far frigid shores of Hokkaido in order to become a true Ninja Penguin. Besides, it is simply too hot in the sub-tropical Okinawa. Hokkaido, in northern Japan with its far more reasonable climate, sounds REALLY nice to a penguin who had been training many seasons in the Okinawan heat. This book chronicles what the penguin experienced as he toured the forty-seven prefectures that make up Japan. He learned much about Japanese culture and geography while picking up more than 500 useful vocabulary words. You too can learn these important beginner-level words with the helpful hints and puzzles found throughout this book. As you work through each lesson, we invite you to listen to the especially formatted audio files. You ll find the download link for the free MP3s on the last page.
