

Isis: The State of Terror

Filesize: 9 MB

Reviews

A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.
(Adrien Robel)

ISIS: THE STATE OF TERROR

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, Isis: The State of Terror, Jessica Stern, J. M. Berger, The first major book on ISIS to be published since the group exploded on the international stage in summer 2014. Drawing on their unusual access to intelligence sources and material, law enforcement, and groundbreaking research into open source intelligence, Stern and Berger outline the origins of ISIS as the formidable terrorist group it has quickly become. 'State of Terror' delves into the 'ghoulish pornography' of pro-jihadi videos, the seductive appeal of 'jihadi chic' and the startling effectiveness of the Islamic State's use of social media as a means of luring and recruiting citizens from countries such as the United States, Great Britain, and France-using recent examples such as Douglas McCain, the American citizen from Minnesota who joined ISIS and died in combat fighting on the side of the Islamic State. Although the picture Stern and Berger paint is bleak, 'State of Terror' also offers well-informed thoughts on potential government responses to ISIS - most importantly, emphasizing that we must alter our present conceptions of terrorism and react to the rapidly changing jihadi landscape, both online and off, as quickly as the terrorists do. 'State of Terror: Jihad in the 21st Century' is not only a compelling account of the evolution of a terrorist organization, but also a necessary book that attempts to answer the question of what our next move - as a country, as a government, as the world - should be.
