RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Original publisher: Washington, D. C. : U. S. Govt. Accountability Office, 2007 OCLC Number: (OCoLC)187981020 Subject: Military post schools, American. Excerpt: . . . struggling readers in the early K-2 grade levels and contains six modules on the components of reading, including a specific module on dyslexia. The K-2 course was first made available in January 2006 to teachers who participated in a pilot project. DOD then opened the course to all teachers in February 2007. According to our survey results, 29 percent of the schools serving grades K-2 had used the course by the end of the school year. Nearly half of those school principals who indicated their staff used the course, however, did not indicate the extent to which it had been helpful in supporting struggling readers. It is possible the course is still too new for DOD schools to evaluate as some principals indicated on our survey that they had not heard of the course or they were not aware it was available to their staff. The second of the new online training courses, Fundamentals of Reading Grades 3-5, is not fully developed for use at this time. According to DOD officials, the course will be available to all staff in the 2007-08 school year and will also contain six modules on the components of reading, including a module on dyslexia. Additionally, DOD reported purchasing another 1, 100 seats in selected Scholastic RED online training courses. The department also added a page entitled, Help your Students with Dyslexia to its main online resource site that is available to all teachers. DOD reported also using designated funds to purchase electronic literacy assessment tools and other instruments that were widely used in DOD schools, one...
